Each assignment offers you a unique opportunity to test not only your understanding of the course material but also your ability to analyze and solve problems. An important aspect of problem-solving is the necessity of selecting an answer in the face of uncertainty about the facts or requirements in the problem. **To help you develop this critical ability, your professor will not discuss a homework problem or answer any questions about it prior to its submission.**

There is a total of 5 assignments – Only the marks for the best 4 assignments will be counted.

**Wiley Plus Info:**

**GET ACCESS**

***Option 1:***

(WileyPLUS includes the complete interactive textbook online)

***Option 2:***

Buy WileyPLUS bundled with a printed textbook at your campus bookstore

*“But I was going to rent or buy a used book.”*

Used and rental books do NOT include valid WileyPLUS codes, making this option the most expensive.

Not sure which option is best for you? **Grace Period** gives you temporary access for up to 14 Days.

**Group Case Assignment:**

Cases, which are often relatively unstructured (i.e. an explicit statement of what the problems are, is not necessarily provided) are used to develop judgmental competence through the analysis of complex issues in a somewhat realistic environment. The technical aspect of such issues often can be solved only after you have addressed and solved the judgmental aspects of the case.

The group case assignment will account for 10% of the total marks. The class will be divided into groups of 5-6 students based on the enrollment at that time. Each group is expected to analyze an assigned case that deals with the accounting issues discussed in class. Detailed guideline will be provided in class. Peer evaluation may be conducted to ensure all members contribute equally to the assignment. It is recommended that you study together with your team members, and that each student contributes to the group assignment.

The final report should not exceed **seven** pages, excluding figures, tables, appendices, and references, required for the final paper. The written report must be typed, single sided and 1.5 lines-space with 1” margin. Please also include a cover page that outlines the names of your group member, student numbers and also the section number.

**ADMS 3595**  
**Intermediate Accounting II**  
**2019 Summer – Course Outline**

---

Students will find that one of the main challenges will be the presentation of a thorough analysis in a very limited space. Consequently, you should make the assumption that the marker has read the case and that there is no need to fully describe the contents of the case. Rather, identification of issues and specific recommendations are the major concern, using case facts to add support. Your professor will discuss the “case method” before the first case is submitted.

**Exams:**

Mid Term exam represents 35% of the overall course grade and final exam will be 45% of the overall marks. Both midterm and final exams are three hours and closed-book. Midterm exam covers Chapters to date, and final exam is comprehensive. The exam contains multiple choice questions, problems and a case. See course schedule for exam time and dates.

There are **no make up exams or alternate sittings of mid term exam**. If you are unable to attend because of illness, a signed Attending Physician Statement (APS) is required. With a documented excused absence, you may transfer the weight of the mid term to the final examination. If you are ill and it is affecting your performance, do not write an exam; instead go a medical clinic and request a signed Attending Physician Statement (APS). Please see Appendix A: Administrative Information for further details. **Under no circumstances is the result of an examination changed once it is written.**

**Academic Honesty:** The new Faculty of Liberal Arts and Professional Studies considers breaches of the Senate Policy on Academic Honesty to be serious matters. To quote the Senate Policy on Academic Honesty. The Policy on Academic Honesty is an affirmation and clarification for members of the University of the general obligation to maintain the highest standards of academic honesty. As a clear sense of academic honesty and responsibility is fundamental to good scholarship, the policy recognizes the general responsibility of all faculty members to foster acceptable standards of academic conduct and of the student to be mindful of and abide by such standards. Suspected breaches of academic honesty will be investigated and charges shall be laid if reasonable and probable grounds exist. Students should review the York Academic Honesty policy for themselves at:
