Finance

Course Outline 2019-2020

(preliminary)

(Note: Subject to change at the course director's discretion. Finalized course outline is available for students to review on the password-protected course website)

Please note that this course is offered at the IBM Markham location at 3600 Steeles Avenue East in Markham, Ontario. To enter the building and study on this location, an IBM security badge must be presented. Your name, student number and YU Card picture will be provided to IBM once you have enrolled in the course to facilitate the issuing of the security badge. You will be contacted by email just prior to the start of classes with additional details to obtain your security badge. By enrolling in this course section, you acknowledge acceptance of these requirements.

For more details on York University presence at IBM Markham location please check the following weblink: <https://laps.yorku.ca/ibm-markham/>

I. Brief Calendar Description

The role of financial managers in accomplishing organizational objectives, uses of financial statements, present value theory, risk/return analysis, leverage, cost of capital, resource allocation models.

II. Prerequisites

Prerequisites: AP/ECON 1000 3.00, AP/ECON 1010 3.00, and AP/ADMS 2500 3.00.

Corequisite: AP/ADMS 2320 3.00.

Course credit exclusions: AP/ADMB 3530 3.00 and AP/ECON 4400 3.00.

“Prerequisite” means you must pass ECON 1000, ECON 1010, and ADMS 2500 at least one semester **before** taking ADMS 3530. “Corequisite” means that if you have not already passed ADMS 2320, you must take it in the same semester as ADMS 3530.

Students are personally responsible for ensuring that they have completed the required prerequisites as stated in the course outline or in the course calendar. Failure to complete prerequisites will place students at risk of administrative withdrawal from the course. The department will not be responsible for refunds resulting from such withdrawals.

No late enrolment will be allowed.

III. Course Instructor / Contact

Instructors to be announced. Contact the School of Administrative Studies for further information.

IV. Time and Location of lectures

This course is offered at the IBM Markham Location at 3600 Steeles Avenue East in Markham Ontario. Each section meets once a week for 3 hours.

Section K: Fall 2019, Tuesdays at 9:00am
Section L: Fall 2019, Tuesdays at 1:00pm
Section X: Winter 2020, Tuesdays at 9:00am
Section Z: Winter 2020, Tuesdays at 1:00pm

V. Course Text / Readings:

Brealey *et al.*, “Fundamentals of Corporate Finance” Sixth Canadian edition, McGraw-Hill Ryerson, 2016.

Students are required to enroll with the online Connect resources in order to complete the assignments and quizzes.

Options for textbook and Connect resources:

1. New hardcopy textbook (new copies include Connect resources)—more expensive option
OR
2. Connect resources (includes e-textbook)—cheaper option

VI. Weighting of Course Evaluations:

Midterm Exam	35%
Online Quizzes	10%
Learnsmart (online) Assignments	5%
Final Exam	50%

VII. Expanded Course Description and Course Learning Objectives:

This course introduces students to the principles of finance and its applications. The course emphasizes the following two concepts: *the time value of money* and *the relationship between expected return and risk*. Topics covered include: time value of money, valuation of financial securities (e.g. bonds and stocks), choice of new projects to undertake (i.e. capital budgeting), determination of appropriate discount rates and working capital management. This course is both rich in content and fast in pace. Therefore, considerable out of class work is required for each student. Problem solving technique is essential to success in this course.

VIII. Organization of the Course:

To be announced.

IX. ADDITIONAL INFORMATION / NOTES:

To be announced.
