Phone: 416-736-2100 Ext. 33476
Office Hours: Monday 4:00 pm - 5:00 pm & Thursday 2:00 pm - 3:00 pm
Email: jpaschak@yorku.ca

Time and Location

Lectures: Tuesday 7:00 pm – 10:00 pm, (ACW 004)
TA hours: TBA

Course Description

This course deals with issues relating to international monetary economics. Most of the following topics will be dealt with: exchange rates, balance of payments, stabilization policy under fixed and flexible exchange rates, euro-dollar markets, international monetary problems and possible solutions.

Course Text / Readings

Steven Husted and Michael Melvin, International Economics, 9th Edition, Pearson, 2013.
(Only available as an e-book)

Weighting of Course

Evaluation

Evaluation of students' academic performance consists of one midterm exam and one final exam. The weights for the calculation of the final course grade are as follows:

Midterm Exam	(50%):	Tuesday, October 22, 2019 (during class time), Chs 11-14
Final Exam	(50%):	TBA, chapters 11-18

Final course grades may be adjusted to conform to Program or Faculty grades distribution profiles.

Missed Tests

There will be no make-ups for the midterm exam. Students absent from the mid-term exam for documented reasons will have the weight transferred to their final exam. The deferred exam for the final exam will be granted **only for medical reasons**. In such cases students should submit a deferred exam application together with the supporting documents (attending physician's statement) to the economics department to my attention. The date and time of the deferred exam will be set at a later date. Students who may require further extensions or accommodation will have to submit a formal petition to the Faculty.

Grading

The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

Organization of the Course

The course involves formal lectures by the course director. The lectures will be supplemented by discussion questions and problems to be worked out by the students. Students who have difficulties answering the questions should consult with the teaching assistant(s) who will be available to assist students during their office hours. The required readings are central to the course. The lectures and tutorials, where applicable, will serve to enrich, clarify, and illustrate crucial issues from the assigned readings.

Course Learning Objectives

Topics to be covered

1. The Balance of Payments, Chapter 11
2. The Foreign Exchange Market, Chapter 12
3. International Monetary Systems, Chapter 13
4. Exchange Rates in the Short Run, Chapter 14
