Department of Economics
Winter 2020

Course # and Title: Econ 2350M – Intermediate Microeconomic Theory II

Course Webpage: (can be found on Moodle)

Course Instructor/Contact:

Name: Prof. Berta Esteve-Volart
Office: 1066 Vari Hall
Phone: 416-736-2100 Ext. 77029 (email is preferred)
Office Hours: Tuesday 12:00-1:00pm or by appointment
Email: bertaev@gmail.com

Lecture Time and Location:

Lecture: TR 10:00-11:30am ACW - 006
TA: TBA

Prerequisite / Co-requisite: AP/ECON 2300 3.0 or equivalent.

Expanded Course Description:

Economics 2350 3.0 is a continuation of Econ 2300 3.0. Applies the analytical tools from AP/ECON 2300 3.00 to analyze resource allocation in imperfectly competitive markets and factor pricing in alternative market structures. Considers basic concepts of general equilibrium and welfare economics. The lectures will cover approximately the second part of the textbook. Course credit exclusions: GL/ECON 3230 6.00.

Course Objectives:

(1) Brief statement of the purpose:

The purpose of this course is to assist students in developing the tools to analyze optimal choice in the use of limited resources. Theoretical analyses of the concepts will be followed by more specific examples in assignments.

(2) Brief list of specific learning outcomes of the course:

The specific outcomes of the course are that students will be able to:

- Understand trade offs using simple models
- Understand and solve constrained optimization problems
- Analyze decision problems with equations and graphs
- Understand the intuition behind the theoretical outcomes analyzed

Course Text / Readings:

Required:

Hal R. Varian, *Intermediate Microeconomics with Calculus*, W.W. Norton & Company, 2014.

Evaluation:

The final grade for the course will be based on the following items weighted as indicated:

Midterm: 35%

Final exam: 65%

Assignments:

There will be regular assignments with practical applications of the theory. The assignments are not to be submitted, and will be solved in class. I will give bonus marks at the end of the course for regular participation in class. I do expect attendance during the days we are solving assignments in class. IMPORTANT NOTE: I will NOT provide solutions to assignments. I expect students to come to class on the days we solve them, and to take notes.

Midterm and Final Exam:

The midterm will cover approximately the first half of the course material. The final exam will cover the entire course, with more emphasis on the second half of the course: about one third of the final exam will be based on the midterm material, and about two thirds of the final exam will be based on the course material we cover after the midterm.

Midterm: **February 11**, during class time

Final exam: TBA, determined by the University

Missed exams/Tests:

There will be **no make up exams for either the midterm or the final exam**. For students missing the midterm, the weight of the midterm will be carried to their final exam; therefore, they will have a 100% final exam. There will be no deferred standing agreements.

Grading

The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

Course Text / Readings:

Hal R. Varian, *Intermediate Microeconomics with Calculus*, W.W. Norton & Company, 2014.

Organization of the Course (Topics):

Imperfect Competition

Game Theory
General Equilibrium
Uncertainty and Asymmetric Information
Market Imperfections

Assignments:

There will be regular assignments with practical applications of the theory. The assignments are not to be submitted, and will be solved in class. I will give bonus marks at the end of the course for regular participation in class. I do expect attendance during the days we are solving assignments in class. IMPORTANT NOTE: I will NOT provide solutions to assignments we discuss in class. I expect students to come to class on the days we solve them and take notes.

Important Course Information for Students:

All students are expected to familiarize themselves with the following information, available on the Senate Committee on Academic Standards, Curriculum & Pedagogy webpage (see Reports, Initiatives, Documents) -

http://www.yorku.ca/secretariat/senate_cte_main_pages/ASCP.htm <http://secretariat-policies.info.yorku.ca/>

- Senate Policy on Academic Honesty and the Academic Integrity Website
- Ethics Review Process for research involving human participants
- Course requirement accommodation for students with disabilities, including physical, medical, systemic, learning and psychiatric disabilities
- Student Conduct Standards
- Religious Observance Accommodation

Course ADD/Drop Deadlines:

	Fall Term 2019 (F)	Winter Term 2020(W)
Last date to add a course without permission of instructor (also see Financial Deadlines)	Sept. 17	Jan. 19
Last date to add a course with permission of instructor (also see Financial Deadlines)	Oct. 1	Feb. 3
Last date to drop a course without receiving a grade (also see Financial Deadlines)	Nov. 8	March 13
Course Withdrawal Period (withdraw from a course and receive a grade of "W" on transcript – see note below)	Nov. 9 - Dec. 3	March 14 - Apr. 5
