PREFERRED METHOD TO CONTACT PROFESSOR

The students are expected to contact Professor directly during the virtual office hours and the lecture hours via Zoom if they have any questions or concerns about this course.

ORGANIZATION OF THE COURSE

Please note that this is a course that depends on remote teaching and learning. There will be no in-person interactions or activities on campus. The entire course will be run synchronously according to the RO's posted lecture schedule. In other words, the instructor will deliver virtual (live) lectures via ZOOM on Tuesday from 2:30 to 5:30 pm (Toronto Local Time). Please note that during the live lecture sessions the students will get ample opportunities to interact and ask questions to the instructor.

To accommodate the students who may be unable to attend the live lectures, the recordings of all live Zoom lectures will be posted in eClass as long as the instructor does not face any technical problems while recording the live lectures. You will find the recorded lectures in the "Lecture Recordings" tab in eClass.

Please note that 1) the recordings should be used for educational purposes only and as a means for enhancing accessibility; 2) students do not have permission to duplicate, copy and/or distribute the recordings outside of the class (these acts can violate not only copyright laws but also [FIPPA](#)); and 3) all recordings will be destroyed after the end of classes.

All of the required assessments of this course, including the submission of quizzes, assignments, and test-taking (both midterm and final), will take place on the eClass course website.

LIVE VIRTUAL LECTURES via ZOOM

The instructor will deliver virtual (live) lectures via ZOOM on Tuesday from 2:30 to 5:30 pm (Toronto Local Time).

Please click on the link below to **register in advance** to attend the live virtual lectures (the Zoom meetings). **You must use your official first and last name (i.e., the name that you used for registration at York University) and the YorkU e-mail address in the Zoom meeting registration form below.**

<https://yorku.zoom.us/meeting/register/tJYoc-yhrzopHtxJCxwYL6qezPhZN5e0LEz1>

After registering, you will receive a confirmation email containing information about joining the meeting. Please save that e-mail in your inbox and record the meeting link, the meeting ID, and the password from that e-mail for your access to the live virtual lectures throughout this term.

Please note that you will have to register only once to attend all the lectures this term. However, you will have to authenticate yourself as a valid York University student by using your Passport York credentials before you join each meeting.

LIVE VIRTUAL OFFICE HOURS via ZOOM

The course instructor will hold weekly virtual office hours via ZOOM on Wednesday and Thursday from 4:30 to 5:30 pm (Toronto Local Time). The students are expected to join the Zoom meetings at scheduled office hours through the direct meeting link posted under the “Live Virtual Office Hours via Zoom” tab in eClass. No advance registration is required to attend the virtual office hours. The students can ask any course related questions directly to the instructor during the virtual office hours.

TECHNICAL REQUIREMENTS FOR TAKING THE COURSE

Several platforms will be used in this course (e.g., eClass, Zoom, etc.) through which students will interact with the course materials, the course director / TA, as well as with one another. Please review the syllabus to determine how the class meets (in whole or in part), and how office hours and presentations will be conducted. Students shall note the following:

- Zoom is hosted on servers in the U.S. This includes recordings done through Zoom.
- If you have privacy concerns about your data, provide only your first name or a nickname when you join a session.
- The system is configured in a way that all participants are automatically notified when a session is being recorded. In other words, a session cannot be recorded without you knowing about it.

Technology requirements and FAQs for Moodle can be found here - <http://www.yorku.ca/moodle/students/faq/index.html>

In addition to stable, higher-speed Internet connection, the students will need a computer/laptop with webcam and microphone, and/or a smart device with these features. The students will be required to join the Zoom meeting with the webcam turned on while writing the midterm and final exams online in eClass. To ensure academic integrity of the exams, the instructor will actively monitor the students via Zoom and webcams. Please note that the Zoom meetings for the midterm and final exam will NOT be recorded. If a student does not keep the webcam turned on for the entire exam period, the exam of that student will become null and void. In that case, the student will get zero in the exam.

Special Rule for Transferring the Weight of the Midterm to the Final Examination:

Please note that if a student gets a higher mark in the final exam than the midterm exam, the instructor will automatically transfer the weight of the midterm to the final exam. To get the benefit of transferring the weight of midterm of the final exam, a student **MUST** write the midterm exam and get a reasonable mark. If a student does not write the midterm exam without any valid excuse or just shows in the midterm exam and answers none of the questions completely, he or she will **NOT** be eligible for this special grading rule.

POLICIES RELATED TO MISSING MIDTERM

- If a student misses the midterm examination due to an acceptable medical reason, technical difficulties during the exam, or for some unavoidable circumstances, the weight of his or her term test will be added to the final exam. **There will be no make-up midterm examination.**
- If you fail to write the midterm examination on the scheduled date, you must contact me during my virtual office hours or virtual lecture hours to explain why you have missed the midterm exam and provide the supporting documents **no later than 2 weeks after the missed midterm**. Please note that the instructor will NOT accept a photocopy or scanned copy of your supporting documents by e-mail. You should submit the supporting documents in eClass. You will be given instructions on how to submit these documents in eClass.
- If a student fails to write the midterm exam without any valid reason, he or she will get zero in the midterm exam and the weight of the missed midterm exam will NOT be transferred to the final exam.

DEFERRED FINAL EXAM POLICY

Students must fill out the Deferred Standing Agreement form available at <http://www.registrar.yorku.ca/exams/deferred/index1.htm> and submit it along with a scanned copy of all supporting documentations **by e-mail to lapsecon@yorku.ca within 10 business days of the original exam date**. Submitting the form does NOT guarantee permission to write the deferred exam. Only submissions that meet all requirements will be granted permission. If you are granted deferred standing, you will receive an e-mail from Economics Department with specific exam information. Students whose submissions are not granted will receive a zero for their final exam score.

Deferred Standing for the final exam will be considered only under the following circumstances:

1. **MEDICAL CIRCUMSTANCES:** Exams missed due to medical circumstances must be supported by a York Attending Physicians Statement filled out completely by a medical doctor or licensed psychologist/counselor, dated within **48 hours of the final exam date**. The statement must include:
 - Full name, mailing address, telephone number of the physician.
 - The nature of the illness and its duration (i.e., specific dates covered)
 - An indication of whether the illness and/or medication prescribed would have **SERIOUSLY** affected the student's ability to study and perform over the period in question.

The physician's office may be contacted to verify that the statement was actually completed by the physician.

- 2. NON-MEDICAL CIRCUMSTANCES:** Exams missed due to non-medical circumstances must be supported by appropriate documentation, i.e., death certificates, obituary notice, automobile accident reports, airline/bus ticket receipt for emergency travel (with the date of booking on the ticket), etc. Airline/train/bus ticket/receipts for emergency travel must indicate destination, departure, and return dates. Having to work at the time of the exam or non-emergency travel are not valid excuses for missing an exam.

CLASS ATTENDANCE/PARTICIPATION

The students are expected to attend and actively participate in all live virtual lectures via Zoom. They should ask questions to the instructor, answer the Poll questions, and actively participate in the assigned Breakout Room activities such as brainstorming, buzz groups/discussion groups, problem-solving, and policy debates during live ZOOM lectures.

ACTIVE LEARNING ACTIVITIES (ALA) via eClass

A set of problem solving and short answer questions, which will be referred to as ALA, will be posted in eClass as active learning activities (ALA) in this course. The students are expected to work on the problem sets and **submit the completed works as a single PDF file** in eClass by the due dates. There will be **6 active learning activities (ALA)** in this course. Each ALA is worth **2 marks**. If a student completes the works of an ALA and submit it in eClass by the due date, he or she will get 2 marks. On the other hand, if a student does not submit an ALA, he or she will get zero. The instructor will only count the marks of the **best 5 ALAs out of 6 ALAs**. **Please note that an ALA will be graded solely based on the completeness of the answers, not based on the correctness of the answers.**

Please note that there are no make-up quizzes. If you miss a quiz, the other six quizzes will be counted. For every quiz you miss after one missed quiz, you receive zero for 2% of your course grade.
- Each quiz has 15 multiple-choice questions which will appear sequentially. It means that once you select an answer to a quiz question and move to the next question, you will not be allowed to go back and change your choice for any of the previous questions that you have already answered.
