Course Objectives

(1) Brief statement of the purpose:

This course will examine the theory of labour economics. Subjects covered include labour supply, labour demand, labour market equilibrium, investment in human capital, labour mobility, union, and the structure of compensation.

(2)

The specific outcomes of the course are that students will be able to:

- critically examine issues related to functioning of markets.
- identify and describe current approaches to Microeconomic policy.
- apply theory to critically evaluate case studies

Course Text

The following text will be used for the course. Although the latest edition is listed, any recent edition may be used:

Benjamin, D., M. Gunderson, T. Lemieux and W.C. Riddell (2021). Labour Market Economics: Theory, Evidence and Policy in Canada (9th ed.), Toronto: McGraw-Hill Ryerson. ISBN: 978-1-259-65484-8.

Organization of the Course (Topics):

The course would cover the following topics from the textbook from respective chapters including appendix (as time permits):

1. Labour Supply
Chapters 2-4
2. Labour Demand
Chapters 5-6
3. Wages and Employment
Chapter 7
4. Compensating Wage Differentials
Chapter 8
5. Investment in Human Capital
Chapter 9
6. Migration
Chapter 11 and supplement (to be determined)
7. The Structure of Compensation
Chapters 10, 13
8. Union
Chapter 14

Evaluation *

The final grade for the course** will be based on the following items weighted as indicated:

Midterm Test:	30% (Tuesday, March 1, 2:30pm-4:00pm)
Final Examination:	70% (To be scheduled by the University)

All exams will include multiple choice and short answer/problems. Final exam will be held on the date and time scheduled by the registrar's office during the official exam period in April. There will be no makeup for missed midterm. A missed midterm will automatically make final exam worth 100%.

"Final course grades may be adjusted to conform to Program or Faculty grades distribution profiles."

Grading, Assignment Submission, Lateness Penalties and Missed Tests

Grading: The grading scheme for the course conforms to the 9-point grading system used in undergraduate programs at York (e.g., A+ = 9, A = 8, B+ = 7, C+ = 5, etc.). Assignments and tests* will bear either a letter grade designation or a corresponding number grade (e.g. A+ = 90 to 100, A = 80 to 90, B+ = 75 to 79, etc.)

(For a full description of York grading system see the York University Undergraduate Calendar - <http://calendars.registrar.yorku.ca/2010-2011/academic/index.htm>)

* If an alternative number grade/percentage system is used for assignments or tests, it must be fully described in the course outline.

Students may take a limited number of courses for degree credit on an ungraded (pass/fail) basis. For full information on this option see Alternative Grading Option in the (*Faculty name*) section of the Undergraduate Calendar: ([provide web link to calendar description of this option for the Faculty offering the course](#))

Private Third-Party Tutoring Companies, Academic Honesty and Support Resources

Many private, third-party tutoring companies advertise their services to YorkU students. One way you can help eliminate these advertisements is by changing your eClass profile settings to private (see instructions below). Some of these private companies claim to be affiliated with, or recognized and supported by, York University. Some also claim to help you by providing you with quiz and test answers, suggesting that this practice is safe and permitted by York. These claims are **not** true. York University has not officially recognized or endorsed any third-party tutoring service. When you are provided with quiz, test and exam answers, you run the risk of violating the [university's academic honesty policy](#). Students have been caught using these services to cheat and gain unfair advantage over honest students. The cheating students and "tutors" have received academic dishonesty punishments ranging from failing courses, to being expelled, to losing their YorkU degrees. Officially supported resources to help students learn course material will be provided by YorkU officials, such as your professors and your department. These services are offered at no cost to you as a student. Your professor will likely provide weekly office help hours to meet with students and if you are a first- or second-year student and would like help with course material, make sure you join one of our weekly

Peer Assisted Study Sessions (PASS). If you require help with any of your numeracy-related courses that involve math, statistics or Excel, drop in online to meet with one of our peer tutors at the **Student Numeracy Assistance Centre at Keele (SNACK)**. If you are ever unsure of whether a resource is allowable or endorsed by YorkU, please feel free to email the Department of Economics at lapsecon@yorku.ca and they would be happy let you know.
