**Course description**

This course provides a broad survey of the functional areas of business by engaging students in a critical discourse about management, its sub-disciplines, and the current issues and future challenges facing business. This discourse is reflected in the course readings, which pair classic management articles with writings from alternative or contradictory perspectives. Using a variety of media we will also examine current news stories to illustrate and assess the practical relevance of each of the management ideas presented. Students will be challenged to develop, articulate, and support their own thinking in relation to contemporary business issues. The course is intended to prepare students for success in the upper-level BCom course requirements.

**Learning objectives**

By the end of this course students should be able to:

- Describe the scope and central concepts of management and the functional domains of business
- Identify and analyze the interplay of key economic, social, and environmental trends facing business, and their implications for different functional areas
- Critically analyze management texts and be able to describe and formulate alternative perspectives on a given management issue
- Write a clear and persuasive argument to support a chosen position or course of action
- Identify management area(s) and issues that are of particular interest in relation to upper level course concentration

## **Weekly writing assignments (20% of course grade)**

These weekly assignments are designed to help you absorb the course material while improving the effectiveness of your writing. Completed assignments are to be 1-page single-spaced maximum and will be graded for content, grammar, writing style, and formatting – details will be provided in class. The assignments are based on the weekly readings and will be posted on eClass one week before they are due, which is 9:00PM the day before the related lecture. Assignments must be uploaded to the relevant eClass folder. The 20% writing assignment grade is broken down as follows:

|  |     |
|--|-----|
| Completion of assignments (10 weeks)           | 10% |
| Two (2) assignment randomly chosen for grading | 10% |

## **Midterm exam (Online - 30% of course grade)**

**The final exam will be administered online via eClass and will not be held on campus.** The midterm will be a closed-book 2-hour exam written during Week 6. The exam will test material covered in weeks 1-5 including all assigned readings and all lecture content and may include a combination of multiple choice, short/long written answer, and case-based questions. Additional details will be provided in class.

*Students who miss the midterm exam for any reason will be provided one (1) opportunity to write a makeup midterm exam. You will be required to submit written justification for why the exam was missed within three (3) days of the exam, and approval to write a makeup is at the discretion of the course director or relevant office. If you are approved to write you will be sent details regarding time and/or location of your makeup. If you do not receive an acknowledgement of your request within a few days of submitting documentation you should follow up with the course director. In all cases it is the student's responsibility to proactively address a missed or alternate exam situation. Students who do not write either the regular or makeup midterm exam as scheduled will receive a grade of zero (0) on this component.*

## **Final summative assignment (10% of course grade)**

The final summative assignment is designed to help you reflect on what you've learned about the functions of business and your critical thinking abilities. Students will submit a **2-3 minute video recording by April 5** – details will be provided.

### **Final exam (Online - 40% of course grade)**

**The final exam will be administered online via eClass and will not be held on campus.** The final exam will be a closed-book 2.5-hour exam and will be scheduled by the Registrar during the final exam period – (**April 12-29, 2022**). The format may include a combination of multiple choice, short/long written answer, and case-based questions.

### **Late assignments**

Assignments not submitted by the due date/time will receive a grade of zero.

### **Grade Reappraisals**

Students may, with sufficient academic grounds, request that a grade in the course be reappraised. A written request for reappraisal must be submitted to the course director within one week of receiving your grade, and must specify (a) what the student would like re-graded (i.e. specific questions, entire exam, etc.) and (b) a clear justification for why re-grading is necessary. The course director may refuse to reappraise if sufficient academic grounds are not demonstrated. Students need to be aware that a request for a grade reappraisal may result in the original grade being raised, lowered or confirmed. For further information see: <http://calendars.registrar.yorku.ca/2014-2015/policies/petitions/index.htm>

### **Turnitin**

In this course all electronic submissions to eClass dropboxes will be screened using turnitin prior to evaluation. turnitin is a plagiarism detection service that faculty use on a voluntary basis. <https://www.yorku.ca/laps/sas/academic-resources/deferred-exam-requests/>

## **IMPORTANT UNIVERSITY/LA&PS/SAS REGULATIONS**

There are a number of important policies that apply to all ADMS and DEMS courses. As a student in this course **it is your responsibility to carefully review, understand, and follow these regulations.** These policies cover the following topics:

- **Deferred exams**
- **Academic Honesty**
- **Grading Scheme and Feedback Policy**
- **In-Class Tests and Exams – the 20% Rule**
- **Reappraisals**
- **Accommodation Procedures**
- **Religious Accommodation**
- **Academic Accommodation for Students with Disabilities (Senate Policy)**

Complete details can be found here: <https://www.yorku.ca/laps/sas/academic-resources/common-course-policies/>

**Please review these policies immediately to ensure you are familiar with them.**

### **Academic Honesty (AH)**

In this course, we strive to maintain academic integrity to the highest extent possible. Please familiarize yourself with the meaning of academic integrity by completing SPARK's [Academic Integrity module](#) at the beginning of the course. Breaches of academic integrity range from cheating to plagiarism (i.e., the improper crediting of another's work, the representation of another's ideas as your own, etc.). All instances of academic dishonesty in this course will be reported to the appropriate university authorities, and can be punishable according to the [Senate Policy on Academic Honesty](#).

Be aware that penalties for AH violations can be much more severe than the grades allotted to the assignment in question. Submitting a single writing assignment that is plagiarized could very likely lead to failure in the course. To ensure you are fully aware of York's AH policies and your responsibilities as a student, you are required to complete an online AH course module before you can access any of the writing assignments in this course.

Please take this very seriously. We strongly encourage and expect you to hand in each and every assignment, but if the choice is between handing in someone else's work and handing in nothing at all, it is better to submit nothing than to submit something that violates AH policy. Many, many ADMS 1010 students have come to regret submitting work that was taken from friends or online sources – changing a few words and/or the order ideas are presented does NOT make the submission yours. Please be careful, and if in doubt, ask your instructor.

Following these simple rules will help you avoid AH missteps:

- Be very familiar with [Senate Policy on Academic Honesty](#)
- Complete your work well in advance of the deadline
- Write your entire assignment yourself (each and every word!) from the ground up

### **And by all means, DO NOT:**

- look online to get 'ideas' based on previous student submissions
- have 'your friend's' work stored on your computer - many of these are 'accidentally' uploaded.
