#### **Required Texts**

The required textbooks are:

- <u>Introduction to Federal Income Taxation in Canada</u> (FIT); Wolters Kluwer; by Johnstone, Mescall and Robson; 46th Edition (2025-2026) - i.e., the most recent edition. Approx. cost is \$269 (paper). Used copies of *this* edition are fine.

This textbook has good examples and lots of problem material. Because this book is updated once a year in August, the most recent edition of the book should be purchased. The Study Guide should also be purchased since it contains the recommended problems and solutions.

You do not need to purchase an Income Tax Act. We will use the Act in our class; however, you can look up the Act online at: <a href="http://laws-lois.justice.gc.ca/eng/acts/i-3.3/">http://laws-lois.justice.gc.ca/eng/acts/i-3.3/</a>

Note: the textbook is also available in the Bronfman Business Library (in the Schulich Building) for short term viewing.

#### **Services for Mature and Part-time Students**

The Atkinson Centre for Mature and Part-time Students (ACMAPS) was established in 2007 to maintain and strengthen York University's ongoing commitment to welcome and to serve the needs of mature and part-time students. The mandate of the centre is based on four pillars: access, advocacy, support and research and includes raising awareness of issues that affect mature and part-time students across the university, leading and facilitating initiatives responding to the needs of these students, and advocating on their behalf at an institutional and individual level.
