Land Acknowledgment

York University recognizes that many Indigenous Nations have longstanding relationships with the territories upon which York University campuses are located that precede the establishment of York University. York University acknowledges its presence on the traditional territory of many Indigenous Nations. The area known as Tkaronto has been care taken by the Anishinabek Nation, the Haudenosaunee Confederacy, and the Huron-Wendat. It is now home to many First Nation, Inuit, and Métis communities. We acknowledge the current treaty holders, the Mississaugas of the Credit First Nation. This territory is subject of the Dish with One Spoon Wampum Belt Covenant, an agreement to peaceably share and care for the Great Lakes region ([LA&PS Land Acknowledgement](#)).

Course Overview

Course Description

Management of operations in today's business environment usually involves mathematical and statistical modelling. This course provides a working understanding of the operations management models and techniques, such as process analysis, quality management, aggregate planning, inventory control, and material requirements planning.

Course Learning Objectives

By the end of this course, students will be able to:

- Effectively utilize a series of quantitative techniques in real-world scenarios
- Provide strategic direction using analytics and problem-solving skills.
- Be proficient in displaying quantitative outcomes both visually and numerically.
- Gain an in-depth understanding of process analysis, quality management, aggregate planning, inventory control, and material requirements planning.

Course Format and Organization

This course is delivered asynchronously. Pre-recorded PowerPoints will be made available, covering the material in a format similar to the in-class environment. Students are expected to review lecture material each week and practice questions from the textbook. There will be NO synchronous ZOOM classes, except that the professor might schedule office hours before the Term Tests and the Final Exam.

Technical Requirements

Students who are enrolled in this course must have access to the internet, a laptop or desktop computer with a camera and microphone, and/or a smart device with these features. Students enrolled in this course are expected to use ZOOM software for occasional meetings, if any are announced.

Students must have a stable Internet connection, or they will face significant challenges throughout the course.

Several platforms will be used in this course (e.g., eClass, Zoom, etc.) through which students will interact with the course materials, the course director/TA, as well as with one another.

Using Zoom

Students shall note the following:

- Zoom is hosted on servers in the United States and Canada. Recordings done since May 1, 2022, are stored in Canada. For more information, please refer to the notes on [Zoom Privacy and Security](#) provided by Information Security at York.
- If you have privacy concerns about your data, provide only your first name or a nickname when you join a session.
- The system is configured in a way that all participants are automatically notified when a session is being recorded. In other words, a session cannot be recorded without you knowing about it.

Here are some useful links for student computing information, resources, and help:

- [Student Guide to eClass](#)
- [Zoom@YorkU Best Practices](#)
- [Zoom@YorkU User Reference Guide](#)
- [University Information Technology \(UIT\) Student Services](#)
- [Student Guide to eLearning at York University](#)

To determine Internet connection and speed, there are online tests, such as [Speedtest](#), that can be run. If you need technical assistance, please consult the [University Information Technology \(UIT\) Student Services](#) web page. For more specific assistance, please write to askit@yorku.ca.

Course Communication Plan and Office Hours

Communication in the course will occur through announcements and postings on the course website.

1. Please ensure you read all documentation on the course eClass site.
2. It will be your responsibility to regularly check online posts and your email.

Office Hours

Please send your questions via email. All questions will be answered within 24 to 72 hours, excluding weekends. A one-on-one Zoom meeting may be set up depending on the nature of the question. Please note that emails from public email providers such as Gmail and Hotmail might be caught in spam. It is best to use your York email account for this course.

There are no live/scheduled Zoom classes for this course. All material will be made available so you can view it at the most convenient time for your schedule.

General Course Policy

1. **WARNING: Distribution or uploading of course content is STRICTLY PROHIBITIVE. All material is copyright-protected.**
2. Students will not be allowed to write the term tests and final exam unless they are on the class list/sign-in sheet. There will be no exceptions. It is the responsibility of students to ensure that they are properly enrolled in the course.
3. Concerns regarding marks on term tests **will not be entertained after five days** following the return/release of the test results/marks.
4. Please ensure you access and read all information/documentation on the course eClass site.
5. It is your responsibility to visit the course eClass site regularly.
6. If you have a query about the questions solved in any tutorial session, communicate directly with the tutor. If you are not satisfied with your tutor's reply, then contact your professor.
7. Due to the high volume of emails in online courses, it might be possible that replies to your email queries might take longer than usual. Please expect no (or limited) response to your e-mails during the weekends.
8. Please note that this is an online course with in-class tests. The lectures, announcements, and participation/discussion will take place on the course

eClass site, but please be **reminded that the tests/exams will take place on Keele Campus in-person!**

- The recordings should be used for educational purposes only and as a means for enhancing accessibility.
 - Students **do not** have permission to duplicate, copy and/or distribute the recordings outside of the class (these acts can violate not only copyright laws but also **FIPPA**).
 - Recordings will not be available after the end of classes.
9. For some common language about academic integrity and the online tools used to promote it, please read the sections below.

Assessment Descriptions

1. There will be two tests within the term (Term Test I and Term Test II) and a Final Exam, which are all planned to be conducted in person, in examination rooms to be designated by the Registrar's Office, on dates/times as specified in the Course Schedule.
2. Both term tests and the final examination will consist of multiple-choice questions and questions/problems requiring complete answers/solutions. A formula sheet will be provided, as may be necessary.
3. The format/mode of administration of each Term Test and the Final Exam will be announced before the test/exam.
4. If you miss any term test, the weight of **one and only one** missed test (30%) may be transferred to the final examination **provided that proper documentation is submitted to, and accepted by, the course director**. As stated in the [Senate Policy on Academic Consideration for Missed Course Work](#), the following extenuating circumstances qualify for students' requests for academic consideration (in this case, transfer to the final examination of the weight of a missed test): (i) a short-term health condition such as illness, physical injury, or scheduled surgery; (ii) bereavement of an immediate family member; and/or (iii) an unforeseen or unavoidable incident beyond a student's control that precludes a student from meeting their academic obligations. In the case of illness, physical injury, or scheduled surgery, an Attending Physician's Statement (APS; <https://secure.students.yorku.ca/pdf/attending-physicians-statement.pdf>) will need to be submitted by the student. An APS is typically required to be completed within 48 hours of a missed term test. Documentation in support of extenuating

circumstances shall be submitted to the course director no later than five (5) business days following the missed test.

5. If you have written BOTH Term Test I and Term Test II, the final exam will be non-cumulative. If you miss Term Test I or Term Test II (or both) in view of extenuating circumstances and submit appropriate documentation (in line with point 4 above), the course director may approve your writing a comprehensive final exam with 70% weight (with the transfer of 30% weight of one term test).
6. Do not write an exam if you do not feel well. Once you start to write an exam, the marks you receive will be used towards your grade calculations. (If no work is completed, a mark of zero will be assigned.)
7. During each test/exam, students **must not** use smart phones, smart watches, smart eyewear/eyeglasses, or any similar electronic devices that are capable of capturing/recording/broadcasting images of the exam or any part thereof. If you are wearing prescription eyeglasses and they are smart/digital eyeglasses, then you must make sure that you have an alternate pair of non-digital eyeglasses, as you will not be allowed to write a test/exam while wearing smart/digital eyeglasses. *Any attempt to capture/transmit exam materials in any form will be treated as a violation of the Senate Policy on Academic Honesty and will be subject to disciplinary action.*
8. If a student misses the Final Examination and applies for and is granted deferred standing, the deferred exam will be a comprehensive examination.
9. Feedback regarding term tests will be given to students as explained in the following two points.
10. Due to strict copyright rules, MCQs, if included in the testing components, will not be reviewed. Concerns regarding marks on, and requests for reappraisal of, term tests will only be entertained within five regular school days following the class session in which the test results/marks are returned/released.
11. After receiving the Term Test results/marks, you may submit a request to your professor for reappraisal. Your complete work on the test will be re-marked, and there will be three possible results: Marks may (1) remain the same, (2) increase, or (3) decrease. Reappraisal marks will accordingly replace your previously recorded marks.

- 12.If you need religious accommodations, please follow the York University policy/procedure and once approved, update your professor at least 96 hours before the testing component.
- 13.Should any Term Test/Final Exam component/s need to be conducted online, details will be posted on eClass.
- 14.Marked Term Tests will be available to pickup from the ADMS office, when they are available an announcement will be broadcasted through eClass.

Missed Tests and Exams

Course Policies

All students are expected to familiarize themselves with the following information:

- [Common University and Course Policies](#) (deferred exams, 20% rule, etc)
- [Student Rights & Responsibilities](#)
- [Academic Accommodation for Students with Disabilities](#)
- [University and School Policies](#)

Please also review the following course policies:

Academic Integrity and Conduct

Academic integrity is a fundamental and important value of York University. To maintain a fair and honest learning environment, you are responsible for understanding and upholding academic integrity in all courses and academic activities. You are encouraged to connect with reliable [on-campus resources](#) that support your coursework and academic honesty. To better understand the serious consequences of breaching academic honesty policies, familiarize yourself with the [Senate Policy on Academic Conduct](#). You can learn more about upholding academic integrity in your courses by exploring [SPARK: Academic Integrity Module](#), [LA&PS Academic Honesty](#) and [Academic Integrity for Students](#).

Generative Artificial Intelligence (GenAI)

Students are not permitted to use generative artificial intelligence (AI) in this course. Submitting any work created (in whole or part) through the use of generative AI tools will be considered a violation of York University's [Senate Policy on Academic Conduct](#). Using AI apps such as Microsoft Copilot, ChatGPT, DALL-E, translation software among others to complete academic work **without your instructor's knowledge or permission**, is considered a breach under York's Academic Conduct Policy. For more information, please review [AI Technology & Academic Integrity: Information for Students](#).

If you're not sure whether using an AI app for your academic work is acceptable, it is recommended that you:

- Carefully review the guidelines for your assessments
- Check for any messages from your instructor on eClass
- Ask your instructor or TA if they are permitting the use of these tools

Turnitin

To promote academic integrity in this course, you will normally be required to submit your written assignments to Turnitin (on the course's eClass site) for a review of textual similarities and the detection of possible plagiarism. In doing so, you are allowing your material to be included as source documents in the Turnitin.com reference database, where they will be used only for the purpose of detecting plagiarism. The terms that apply to the University's use of the Turnitin service are described on the [Turnitin.com website](#). York students may opt out of using Turnitin. If you wish to opt out, you should contact your instructor as soon as possible.

Accessibility

York University is committed to creating a learning environment which provides equal opportunity to all members of its community. If you anticipate or experience any barriers to learning in this course, please discuss your concerns with your instructor as early as possible. For students with disabilities, contact [Student Accessibility Services](#) to coordinate academic accommodations and services. Accommodations will be communicated to Course Directors through a Letter of Accommodation (LOA). Accommodations for tests/exams normally require three (3) weeks (or 21 days) before the scheduled test/exam to arrange. To learn more, please visit [Accommodated Exam/Test Scheduling](#).

Religious Observance Accommodation

York University is committed to respecting the religious beliefs and practices of all members of the community and making reasonable and appropriate [accommodations to adherents for observances of days of religious significance](#). Should any of the dates specified in this syllabus for course assignments, tests, or deadlines conflict with a date of religious significance, please contact the instructor not less than two (2) weeks (or 14 days) prior to the date for which accommodation is sought. If the requested accommodation is for an exam or falls within the formal examination periods, you must complete and submit a [Religious Accommodation Agreement \(PDF\)](#) at least three (3) weeks (or 21 days) before the start of the exam period.

Academic Consideration for Missed Course Work

This policy applies to course assessments worth 20% or less of your overall course grade and does not apply to exams held during the final examination period. Students may self-declare two (2) 7-day consideration periods each 12-week term and one (1) 7-day consideration period per six-week term. An Attending Physician's Statement (APS) is not required for these self-declared absences. However, an instructor may request a signed APS for the final examination period, coursework worth more than 20% of the course grade and missed work outside of the self-declared academic consideration period(s).

Students can submit their self-declaration(s) for academic consideration [using eClass](#). Students are then responsible for contacting the instructor no later than two (2) business days after the end of the consideration period(s) to arrange details of any accommodation for missed coursework. If you do not do this, you may get a zero (0) on the missed work. Where courses have built-in accommodations already established, the instructor may decline providing additional accommodations under this policy. For further details, please review the [Policy on Academic Consideration for Missed Course Work](#).

Final Examination Identification Policy

For final exams in this course, you must present a valid York University official photo identification card ([YU-card](#)) to verify your identity. Also, you will need to sign the exam's attendance roster. Learn more about preparing for your exams by reviewing York's Policies on [Conduct of Examinations](#) as well as the Registrar's Office [Examination Tip Sheet](#).

Intellectual Property

Course materials are designed for use as part of this particular course at York University and are the intellectual property of the instructor unless otherwise stated. Third-party copyrighted materials (such as book chapters, journal articles, music, videos, etc.) have either been licensed for use in this course or fall under an exception or limitation in Canadian copyright law. Students may not publish, post on an Internet site, sell, or otherwise distribute any course materials or work without the instructor's express permission. Course materials should only be used by students enrolled in this course.

Copying this material for distribution (e.g., uploading material to a commercial third-party website) may lead to a charge of misconduct according to York's [Code of Student Rights and Responsibilities](#), the [Senate Policy on Academic Conduct](#), and/or legal consequences for copyright violations.

Deferred Standing

Deferred standing may be granted to students who are unable to write their FINAL examination at the scheduled time (due to illness or other extenuating circumstances) or who are unable to submit their outstanding course work by the end of the term.

<https://www.yorku.ca/laps/sas/academic-resources/deferred-exam-requests/>

NOTE: The deferred examination will be cumulative/comprehensive and cover all material for the semester. This applies to all students writing a deferred Final Exam, including those who wrote both Test 1 and Test 2.

To be clear, deferred exams in this course will be cumulative exams.

If you are unable to write a final exam at the scheduled time - due to illness, a personal or family emergency, or religious commitment - you can ask to write the final exam at a later date, as arranged by the main office for ADMS and DEMS courses. Depending on the circumstances, you may be asked to provide supporting documentation.

Your request must be received by the office within 7 days of the date of the final examination for which you are asking for a deferred standing.

Please note that a new system has been implemented to facilitate the processing of Deferred Standing Agreement Forms.

To request a deferral of your final exam in ADMS or DEMS, follow the steps below. If you do not see your course code listed, please contact the department where your course is offered.

1. Download and complete the [Final Exam / Assignment Deferred Standing Agreement \(DSA\) form](#).
2. Gather any relevant supporting documentation, scan them, and keep the paper copies for your records. Health issues will require an Attending Physician's Statement ([APS Form](#)).
3. Log in to the [Deferred Exam Request system](#) using your Passport York and complete the online form.
4. Upon completion of the online form, the system will issue a ticket number. Record the number at the TOP RIGHT corner of your DSA Form you've completed in Step 1.;
5. Submit the completed form and scanned supporting documentation to the School of Administrative Studies by emailing apsas@yorku.ca to request approval for deferred standing. Please ensure to keep a copy for yourself.
6. Log in to the [online system](#) to check the status of your request as well as the location, date and time of the exam.
7. 48 hours before the scheduled exam check the [School of Administrative Studies DSA system](#) to confirm the location, time and date of your deferred exam. We also encourage you to check the DSA system again on the day of your exam for any last-minute changes.
